CAPABILITY STATEMENT

J-Techsolutions LLC

AI governance and cybersecurity that get federal systems authorized

Small Business | UEI KGUTDHBJYK46 | NAICS 541512 · 541511 · 541519 · 541611 · 541690

Company overview

J-Techsolutions turns federal AI and cyber mandates into authorized, auditable systems. We help agencies meet OMB M-25-21 and M-25-22 with fixed-price AI governance packages built on proven RMF/ATO practice, backed by data platforms, applications and program management. Our founder brings 26+ years across the FBI, cyber operations and the U.S. Army, including Redstone Arsenal programs.

Core competencies

AI governance and AI ATO
Use-case inventories, high-impact AI risk reviews, NIST AI RMF, AI-BOM

Cybersecurity
RMF/ATO/cATO, Zero Trust, CMMC and 800-171, ISSO/ISSM, SCRM

Data and platform automation
Power BI, Power Platform, SharePoint/M365, ServiceNow, RPA

Application development
Web and mobile apps, low-code, DevSecOps, modernization

Program management
PMO support, IT and acquisition PM, PMP-based delivery

Frameworks
NIST AI RMF, RMF 800-37, 800-53, 800-171, 800-207, CMMC

Fixed-price AI governance packages

1. **Use-Case Inventory:** validated inventory and Power BI dashboard
2. **High-Impact AI Risk Review:** risk, test and monitoring plans
3. **AI ATO Package:** RMF package with AI RMF controls and AI-BOM
4. **Compliance Plan and Board PMO:** 2-year plan and policy set
5. **AI Acquisition Review:** requirements and contract-term checks

Leadership

26+
years of federal mission service

Eric Johnson, Founder
FBI, cyber operations and U.S. Army service, with Redstone Arsenal capture experience. Personally cleared; leads every engagement directly.

Why J-Techsolutions

- **Authorization first:** AI governance is an ATO problem, and ATO is our core discipline.
- **Mission credibility:** founder experience across FBI, cyber and Army programs.
- **Buyable deliverables:** fixed-price packages bought as single line items.
- **Easy to team:** we prime small efforts and add governance depth to prime teams.
